——

THURSDAY MORNING, 8 O'CLOCK.

After devotional exercises, conducted by T. M. Baily, the regular order of business was resumed.

H. C. Reed, Chairman on Temperance, made the following report:

We, your Committee on Temperance, beg leave to say, that from the limited time assigned us on so grave a subject as that of temperance, know not scarcely what to say. We will, however, say this, that temperance in all things should be a rule of life for every one; and that intemperance should be carefully avoided and represented in its true light, as every way contrary to the Christian religion. Especially is this true in regard to the intemperate use of ardent spirits. That this last named is an evil, so pregnant with crime of deepest dye, that we cannot merely recommend our people not to use it as a beverage, but to put it entirely away from them in every sense of the word, and have nothing therefore to do with it, only to fight it, giving the enemy no quarter whatever. Now, dear brethren, let us not only take an active part in driving drunkenness from our churches, but endeavor to secure its banishment from the entire country by all legitimate means.

Pending the discussion of the above report, a motion was made to hear certain letters read, whose messengers had just come in.

Resumed discussion of report. Pending the discussion, the hour of 10 having arrived, and the report on Missions having been made a special order for this hour, it was now called for, when John D. Hendricks made the following report:

## REPORT ON MISSIONS.

Our mission work is divided into three departments:

1st. We have our State mission work. This work is entrusted to our State Mission Board, which is located in Selma, with Rev. T. M. Baily, of Marion, Ala., as its Corresponding Secretary and Treasurer. This board is charged with looking after the destitution that exists in our State. The work done by this board during the past year is as follows: Number of men employed, 70; days of actual service, 7,170; miles traveled, 53,513; sermons and addresses, 4,913; churches constituted, 21; baptisms, 919; received by letter, 438; restored, 46; total additions to churches, 1,403; Sunday Schools organized, 61; religious visits made, 6,165; preaching stations, 121; prayer meetings conducted, 624; meeting houses finished, 4; meeting houses began, 5. Fifty Associations in the State contributed to State Missions.

2d. We have our home mission work. This work is entrusted to the Home Mission Board, located in Atlanta, Ga. Its field of labor is the Southern States that are unable to meet their own destitution, and the Indian Territory. The work done by this board during the past year is as follows: Number of missionaries, 144; number of churches and stations, 338; sermons and addresses, 14,818; baptisms, 2,665; received by letter, 1,525; religious visits, 20,512.

3d. We have our foreign mission work. This work is entrusted to our Foreign Mission Board, which is located at Richmond, Va. It has missionaries in China, Africa, Italy, Brazil and Mexico. The number of missionaries, native and foreign, is 95; stations and out-stations, 42; the increase of membership during the year was 175; pupils in the schools, 684; the church membership is 1,141; the contribution of the churches gathered from the heathen was $1,077.

The above is the mission work of our Southern Baptist people. Now what part have we as an Association taken in this work? How much have we given towards meeting the destitution in our own State? How much to enable the Home Board to meet the destitution in other States and to give the gospel to the Indians? How much have we given to enable the Foreign Board to give the gospel to the 855,000,000 heathen, that are perishing for lack of knowledge? Alas, the letters from our churches show that we are Missionary largely in name, but very little in reality. We call ourselves Missionary Baptists. Either let us prove it, by regular contributions to missions, or let us change the name. We are great sticklers for soundness in the

faith in reference to baptism and other important doctrines. Should we not be equally earnest in giving obedience to Christ's last command to give the gospel to every creature? Can we be lovers of Christ if we fail to obey his last command?

JOHN D. HENDRICKS, Chairman.

Took up collection for State missions, which amounted to $11.70

11 o'clock A. M.—Recess for preaching. Preaching by A. J. Waldrope; text Rom. vi, 22.

The report on Education having been made a special order for the hour of 3 o'clock P. M., was now called for, when the chairman, W. Y. Adams, made the following report:

## REPORT ON EDUCATION.

Each succeeding year brings its harvest of accumulating contributions to the progress of education among our people. The denomination that would keep abreast with the swelling van of advancing culture must put forth increasing effort, that shall maintain their full proportion to those relied on by the people at large to carry them forward. We must give more attention to the education of the masses, and in order to do this, we should labor to improve the common schools of the country. So many of our people are satisfied with schools kept running just as long as the public funds will allow. This is an abuse of these funds. They should be increased by the contributions of the people, and the schools kept open as long as possible. More attention should be given to the fitting up of school rooms neatly and conveniently. Great care should be taken in the selection of those who are to teach our children. We want in our school rooms teachers who have *tact* as well as *talent*—men and women who know *what*, and *how* to teach it.

Our denominational schools—the "Howard" and "Judson," located in Marion—are in a prosperous condition, and we cannot too earnestly recommend them to the support of our people.

It is high time that our Association was manifesting an interest in ministerial education. Last scholastic year a young man in our bounds was supported by the denomination in Howard College. We recommend that our churches contribute to this work, so that he may be enabled to spend another year in that institution. Respectfully submitted.

W. Y. Adams, Chairman.

The above report, after discussion by various brethren, was adopted.

Bro. A. J. Waldrope, just here, made a speech in favor of ministerial education, also setting forth the plan adopted at the last session of the Baptist State Convention to this end, and received in pledges the following, to be paid the first of October next, in support of young ministers at Howard College next collegiate year:

Preaching at night by P. M. Musgrove.

---

FRIDAY MORNING, 8 O'CLOCK.

Association resumed business.

The report on State of Religion was read by T. B. Goins, the chairman.

## REPORT ON STATE OF RELIGION.

We gather from all the sources at our command the following facts: 1st. That some of the churches in our bounds are live, active, progressive bodies—fruit-bearing vines. 2d. That many of the churches, judging by their fruit, are almost lifeless, inactive, non-progressive bodies, not abounding in the work of the Lord, or carrying out the great commission given by Christ to His church: "Go ye into all the world," &c. 3d. That as a body of Christians we are sadly wanting in Christian zeal and effort, and that a humiliating ignorance prevails in regard to Christian work, and especially in regard to the enterprises of the denomination at large.

Therefore, we, your committee, would most earnestly urge upon the churches to pray the Lord for more zeal in His cause; to redouble their efforts in His work, and to inform themselves respecting the great enterprises of the denomination by reading the papers, journals and periodicals published by our people.

Dear brethren, let every church in our bounds have a prayer-meeting. Keep the fires burning at home, and there will not be so much complaint of coldness.

Respectfully submitted. T. B. GOINS, Chairman.

On motion, adopted the above report.

## SABBATH SCHOOLS.

Your committee on Sabbath Schools, judging from the letters and other sources of information in our possession, must report a most humiliating lack of interest in this grand and glorious work. Only three churches report Sabbath Schools. There are some not reported, but very few. In neglecting this work, we fail to impress *our views*, that is, the *Bible Doctrine*, upon the young. We most respectfully urge this body to freely discuss this subject, and try to devise some plan by which the churches may be reached and aroused to a sense of their duty in this important work. Respectfully submitted.

C. C. Collins, Chairman.

On motion, the above report was adopted.

On motion, W. Y. Adams was requested to write an essay to be read at next session of the Association, setting forth the object of Annual Associations of Baptists.

The Clerk was instructed to have five hundred copies of these Minutes printed, and to contract with W. H. Davidson to do the work, provided he would do the work as cheap as it could be had elsewhere.

*Resolved*, That we return our thanks to God for a continuation of His favors toward us, to the members of Walnut Grove Baptist Church, and to the people of the vicinity for their hospitality to us during the present session.

S. S. Love, Chairman on Documents, made the following report:

## REPORT ON DOCUMENTS.

We find that Liberty Church asks for the next session of the body, and that she requests the time of holding the same be changed to October; that a certain church asks "what to do with a member who absents himself from church without good cause for a number of conference meetings in succession;" that the Walnut Grove Baptist Church asks for a letter of dismission from our body, in order to join a new Association now in contemplation. Your committee would recommend that the church above named be advised to deal with the member named in the question as with any other member who refuses to do his duty; that the request of Walnut Grove Church be granted; and we would further urge the churches to make their letters more concise. Respectfully submitted.

S. S. LOVE, Chairman.

On motion, the above report was adopted, together with the recommendations.

C. C. Collins was elected to preach the Introductory Sermon.

On motion, Brother John A. Dean was instructed to report

the proceedings of the Association to the *Alabama Baptist* for publication.
